

# Innovative products and technologies built for mPOS

## Keeping you connected and mobile

Designed to improve customer service, our smart, functional and stylish mPOS solutions will help make your lives a little easier. Our compact, stylish range of receipt printers fit seamlessly into your working environment. You can easily print receipts from anywhere in store thanks to tablet and mobile connectivity and a broad OS support. The stylish industrial design and functionality complement modern tablets and smart devices. To free up space at the point of sale opt for the award winning TM-m30II-S or TM-m30II-SL receipt printers with integrated tablet mount.

## Receipt printing on the go

The all new Epson portable receipt printers are ideal for anyone who needs receipt printing on-the-go. Now also approved for in-vehicle applications, it's even more robust than ever, providing increased impact resistance and protection to IP54 standards, and can be easily mounted onto a belt, or shoulder carried. The new series provides excellent range, seamless pairing, and reliable all-day battery life. Wi-Fi models offer excellent wireless performance, including a Wi-Fi "Direct" mode, enabling direct connection of up to 8 devices without the need to connect to a network or hotspot.
