Description

The Equip 650896 Universal Media Player Mount is a versatile and efficient solution designed to securely mount various media players, streaming devices, or small set-top boxes to your television or wall. This mount is compatible with a wide range of media player models, offering a universal design for diverse setups.

Featuring a compact and adjustable design, the mount provides a stable platform for your media player while keeping it neatly organized and easily accessible. It is suitable for use with televisions, monitors, or other display surfaces.

Installation is typically straightforward, and the universal design ensures compatibility with different media player shapes and sizes. The mount may offer adjustable brackets or straps to securely hold the device in place.
