Mood

Streamline your space

Mood is designed to streamline the gaming station with a look that harmonizes with the homes of modern gamers. It features a minimized footprint and a sleek fabric outer body which slides off for full access to the build. Inside, Mood houses a powerful 180 mm fan at the top, which moves air up through its pillar-shaped body to help keep components stay cool. It can also neatly conceal a 325 mm graphics card, allowing users to integrate a PC which offers a full gaming experience seamlessly into their home.

Key features

▶ A low-volume case with a minimized footprint thanks to its space-saving pillar design format.

▶ Crafted with breathable fabric in a clean shape and color palette designed to harmonize with your home.

▶ Choose a graphics card up to 325 mm in length and connect it with the included PCIe 4.0 riser cable.

▶ Enjoy effective cooling with the included 180 mm Dynamic fan which moves air up through the case.

▶ Pop out the back panel and simply slide off the fabric-covered enclosure for full access to your build.

▶ Compatible with radiators up to 280 mm for more ambitious cooling builds or CPU air coolers up to 114 mm in height.

▶ Start up and connect effortlessly with a front-facing I/O panel which includes a USB Type C 20 Gbps port.

▶ Enjoy tool-less removal of the exterior and a range of tying points in the interior for easy cable routing.

▶ Includes two accessible 2.5" drive brackets with ball catchers and a mount for a 3.5" drive.

▶ Includes a removable, magnet-fastened dust filter.
