Home Theater, Made Simple.

Turn your TV into a home theatre with great ease of use. With powerful Bass Boost immerse your living room to an incredible Home Theatre. Build-in Center Speaker that delivers voices clearly and never miss a word with enchanted dialogue feature. With Dolby Audio and DTS Virtual:X acoustic technologies, this product will bring your enjoyable sound feast with amazing surround sound

effect. Total six different EQ were finely tuned up by TCL Golden Ear team that fits for every sound scenario that you need.

This product is the best companion of your TV that expand the sound experience to the next level and conveniently only one remote is needed for global control.

Product Highlights

Dolby audio has richer movie and video resources than other platforms led Sound bar provides high-quality sound quality.

DTS Virtual:X expands the immersive listening experience without extra speakers. Through simulation, a Sound bar can also play surround sound effects.

Voice Enhance

Center channel delivers voice clearly, isolating the vocal effect from the surround sound. Songs are more vivid. You would not never miss a word with enhanced dialogue feature.
