Extended retailer text	<p>Back-up power</p> <p>The Maxxon uninterruptible power supply (UPS) with built-in 800VA battery can keep electronic devices up and running temporarily if the main power goes down. Connecting your hardware to one of the three battery-powered</p>
-------------------------------	--

outlets offers valuable time to save your work or in-game progress and safely shut down the equipment after a power outage.

Protect your equipment

All power outlets are surge-protected and the Automatic Voltage Regulation (AVR) function automatically corrects too high or too low voltage to ensure a stable 230V output voltage. The Maxxon UPS also protects your hardware from damage by surges, spikes and fluctuations from the power grid.

Multi-purpose

The Maxxon UPS is easily set up and can be used with electronic devices up to 360W, such as your PC, home automation system, alarm, NAS server, router/modem or gaming console. The convenient top-mounted outlets make sure you can place the Maxxon anywhere: on the floor, on your desk or even mounted to the wall.

Clear alerts

The UPS is equipped with clear optical and audible indicators to alert you when necessary. In this way, you can act immediately during a power outage and save your hard work before shutting down the device. Both your hardware and data are safe from damage when using the Maxxon UPS!

Specifications

Total weight	4.550 g
---------------------	---------

Weight of main unit	4.400 g
----------------------------	---------

Height of main product (in mm)	93 mm
---------------------------------------	-------

Width of main product (in mm)	202 mm
--------------------------------------	--------

Depth of main product (in mm)	293 mm
--------------------------------------	--------

Software	false
-----------------	-------

Indicators	Power on/off Overload Battery
-------------------	-------------------------------

Cables included	Yes Power cable
------------------------	-----------------

Protections	over-charge over-discharge over-load
--------------------	--------------------------------------

RFI-filter	false
-------------------	-------

Surge protected AC outlets true

Surge protected phone line false

Number of batteries 1

Battery composition (Alkaline, L... Lead Acid

Battery voltage (V) 12 V
